

[8] SIMULATION

1. Outline

This model is equipped with the simulations feature which allows the following operations with the keys on the operation panel:

- 1) Adjustments
- 2) Setting of specifications and functions
- 3) Resetting trouble codes
- 4) Checking operations

2. Purpose

The purpose of the simulations feature is to improve service/repairs and adjustments. Since the mechanical adjustments can be performed electrically above purpose is achieved with low costs.

3. Operating procedure

Simulations operating procedure
