

**Date:** JULY, 1992

**Number:** AD-152

**SUBJECT:** Part change.

**MODELS :** JC-520(GY) and JC-R520(GY).

The shape of the cassette spring has been changed. It is not necessary to use the cushion with the new spring. When the new spring is ordered to replace the old, be sure to remove the cushions. Units starting with the serial number listed below have had the new spring installed during production.
